Queen... I expected this, but...

He really did declare it.
He always does so if he says he will.

Then,
I will go first.

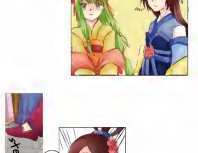
I am Soo Young.
I came here by the Mue dragon's will...
that I resolved in the forest of god, I can't use the power of water like the emperor yet but,

I am confident that I will be able to use it very soon.

Moreover, I am going to prove to I am the protector and promise to all of you here.
And I will follow the will of the Mue dragon to make this country prosper.

She speaks arrogantly, but she has guts.

With this, I probably changed their view a bit. Are they ready to more than she is the empress?
Then, I should try irritating her.



Huh?
Why or she coming this way?
Are you okay? You're just standing there and staring out.

Perhaps you are worried? It's not so surprising. Why don't you just stand with?
Your background is unclean right now

Stay quiet in the corner, then at least you won't be shamed.

Soo Young is done, who is going next?

...S... Sorry.

Your Highness...

I... I don't think I can do it...

Okay. Then how about you, Han Yoo Room?

I want to run away.

Dad, if I do, it will be the same as up until now.

I always worked to change my... out-of-control personality.

My husband and timid mind. And more than anything it's an emptiness around me.

However, it is not easy to change my personality or my environment.

It takes a lot of effort.

And I always want to see more. And I'm so excited. I... grow...

If I ran away now then I'm repeating the past. Maybe this is a chance for me to change.

I am thinking of it so carelessly.

My life is the price.

Moreover, the reasons I made the contract with that old ox think I could change.

As I thought, maybe it is too much.

I still have a lot to think about now.

perhaps I'm not thinking wrong. Or, just throw one thing...

I will do it. I will also try.

Whether it is bad or not.

This is an opportunity that has been given to me.

This is a beginning of my choice, and I shouldn't run away.

I can't avoid it.

Hello, I am Yoo Koon Hun and I was a student in a country called South Korea.

I am still learning about this country and the god priestess.

Seeing you all gathered here today, I realized once again the importance of the priestess.

I look many things, but I will try to learn more in the future.

Of course, I must have the qualification in order to become the god priestess

I will try my best, and study very hard so that I can earn the right to become the god priestess.

So, please take care of me while I am here.

That was the answer I chose.

To be honest, I can't think straight.

I was fooling around, as if I was waking from a dream and still realizing this is a different world.

My thoughts exploded for it even working for my questions, and my thinking mechanically harsher.
Oh... I am really ashamed. I can't sleep.

Continued in next episode.
